8:30pm Business meeting
9:00pm Slide/report of recent field work**
(Please bring slides to report on sites which have been worked by HAS members and/or local contract work of interest to members.)

Place: Museum of Natural Science, Lower Level Classroom

Program: Films -"Indian Origins: The First 50,000 Years"
"Indian Cultures: From 2000 BC to 1500 AD"

(Shows how archeologists have tried to answer who were the earliest human beings in North America, how did they get there, and why did they come.)

The Annual T.A.S. Field School will be held June 5-12, 1982, at the Rowe Valley Site (4 miles north of the Loeve-Fox site) on the San Gabriel River. The archeologist-in-charge, Elton Prewitt, will be the speaker for the May meeting of the HAS. For further information contact TAS Board member, Bill McClure (465-2170), or regional vice-president, Dr. Ken Brown (749-3921, Dept. of Anthro.). Full details of the archeology planned, camping arrangements, etc. will appear in the newsletter (April) of the TAS. For membership details see back of page.

A group of HAS members recently attended a workshop sponsored by TNRIS on the application of aerial photography to archeology.

Several HAS members made presentations at the annual TSHA meeting held in Austin.

Other HAS members attended the Caddo conference which was held in Fayetteville, Arkansas.

THANKS to the Hospitality Committee for wonderful refreshments. Chr. Carolyn Walker (496-5649). Contributors: Selma Naman, Betty Kindall, Kit Anderson, Margaret Norbeck, Marcy Grubbs, and Jean Clark. ++++ If you would like to donate time or goodies for the summer of fall meetings, please let Carolyn know.

Speakers: Bill McClure, Marcy Grubbs, Joan Few, Lois Rappaport, and Dick Gregg

20 Pages In 2 Sections

TAYLOR, TEXAS, FRIDAY, JUNE 11, 1982

DIGGING FOR ARTIFACTS — On Saturday, members of the Texas Archeological Society will wind up their archeological excavation of a site at Rowe Valley. For the past seven days 170 members from all walks of life have been digging for artifacts left by prehistoric In-

dians that at one time lived in the area. Preliminary conclusions revealed that the site is a "rich" one, Elton Prewitt, director of the excavation and a consulting archeologist, said.

(Staff Photo by David Sharpe)

Local Field Work will be conducted Sat. and Sun. July 17-18 in the town of Wharton. Intensive survey and some testing will be done in an area designated for use as a road bed. For further information contact Sheldon Kindall, 334-2160. Members interested in car-pooling meet at a church parking lot at the intersection of 59 and Hiway 6. Meeting time: 8:00am. All participants must be HAS members due to agreement with landowner.

Legislation which will adversely affect archeology is being considered by Congress. Please see additional information on the back of the notice.

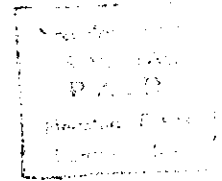

Any ideas, questions, and comments are welcomed by your chairman, Pam Wheat, 523-8048.

COUNCIL OF TEXAS ARCHEOLOGISTS

PRESERVATION AND CONSERVATION OF THE CULTURAL RESOURCES OF TEXAS

Dear *Pam Wheat*

The Historic Preservation Fund needs your help: Reagan's proposed FY83 budget appropriates ZERO funds for important historic preservation programs. This means no funds to the states, no funds for the National Trust, and crippling cut-backs to the Advisory Council and National Register programs.

Numerous state and federal duties will no longer be supported and current actions made possible through the Fund will be eliminated or drastically reduced. Specifically a few of these include:

1. No funds for review and recommendations on federal projects impacting prehistoric/historic properties. (In FY81 over 2500 federal actions in Texas were reviewed and/or provided consultation; to name a few--Stacy Reservoir, Jewett Mine, Willacy-Hidalgo Project, Troop Mine, LCRA transmission lines, Richland-Chambers Reservoir.)

2. No money to identify and nominate prehistoric/historic sites to the National Register through the State Historic Preservation Office.

3. No money to the National Trust--the agency responsible for saving and protecting the National Landmarks. (Examples of National Landmarks in Texas are: 41LUL--the Lubbock Lake Site, 41OL2--Landergin Mesa, King Ranch.) The National Trust also helps local groups and individuals save community heritage through direct assistance in renovation efforts to reverse downtown decay.

What does all this cost? \$30 million is the recommended minimum funding needed to continue current levels of these programs, a low figure for federal funding.

This letter is to encourage you to write to your congressman/woman.

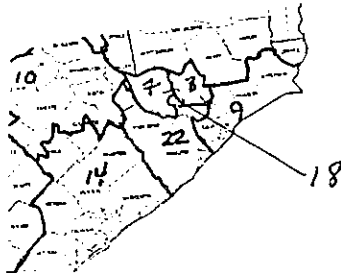

*Consider
expressing
your
opinion*

LET'S TALK ABOUT LETTERS!

Many people have told us that they hesitate to write their Congressmen because they "don't have all the facts" and don't know what constitutes a good letter to Congress.

SOME HINTS:

- Letter should be legible or typewritten.
- Discuss only one issue per letter.
- Keep your letter short, only one (maybe two) pages long.
- State what you are writing about in the first sentence:
"Dear Senator Doe,
I am writing to ask for your support of \$30 million for the FY83 Historic Preservation Fund."
- Don't assume the your Congressman is well-informed on preservation issues:
"President Reagan has recommended zero dollars for historic preservation. I want the Congress to restore the appropriation, as you did successfully a year ago."
- Let your Congressman know what preservation is accomplishing in your district/state.
- Ask for his position on this - or any other issue - to evoke a response.

AUGUST MEETING NOTICE - 1982

Time: Coffee 7:00pm

Brief meeting 7:15pm

Tour exhibit 7:30 EGYPT'S GOLDEN AGE; THE ART OF LIVING

Program: Film sponsored by the Museum of Natural Science

8:30pm "Of Time, Tombs and Treasure: The Treasures of Tutankhamen"
(Dramatization of the discovery and opening of the tomb through original documentation surrounding the 1922 find. The film examines Egyptian society and life at the time of the Pharaohs Akhenaten and Tutankhamen.)

Place: Museum of Natural Science, Classroom Lower Level

Nominations for officers - chairman, sec./treas., 3 members of the Board- should be addressed to nominating committee, chr. Marcy Grubbs (488-3872)

Thanks for the refreshments at the July meeting - Selma Naman and Betty Kindall; coffee is bought with funds from donations but arrangements are all made by Carolyn Walker, Chr.(496-5649) who needs volunteers for Aug. and the fall.

ANNUAL MEETING of the Texas Archeological Society will be held in College Station, October 29-31, 1982. Save this date for an interesting weekend when archeologists from around the state assemble and relate the details of their most recent work.

Serious problems are arising in the circulation of HAS Library BOOKS. Numerous members have overdue books; in fact, some members seem to have forgotten that the books belong to all of us. Please check your shelves and return all books with Society identification in them. If you do not plan to attend the August meeting, please contact Mike Johnson(488-1506) to let him know when you will return the book or mail it!!!

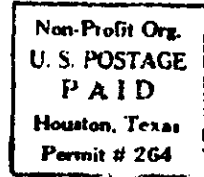

Further information on Special Events scheduled by the Museum during the Egypt show is on the back of the notice.

Address questions, comments and ideas on local Archeology to Pam Wheat, HAS Chairman (523-8048).
